Special Rules of 2020 Wiregrass Weed Tour Due to COVID-19

1. Anyone who has COVID19 or flu-like symptoms or have close contact with someone confirmed positive should not attend this tour.
2. This event will be a drive through tour. Participants are not encouraged to get off their vehicles and interact with others in close distance.
3. RSVP is required to prevent large crowd showing up at once. Please remain in vehicle after arriving Wiregrass Research and Extension Center. AU/ACES personnel will check in participants at each vehicle.
4. AU buildings on Wiregrass Research and Extension Center will be closed to tour participants on that day. Portable restrooms will be available on site.
5. Mask, hand sanitizer, and hand-washing station will be provided for the tour.
6. Mask or face covering is required when participants get off their vehicles to use restrooms, get drinks from cooler, listen to presenters, or take pictures of plot.
7. Social distancing (minimum 6 ft) is required during this event.
8. Boxed lunch will be provided, however, large group gathering during lunch is not allowed.
9. Participants should use caution at all time to prevent close contact with each other.
10. People with serious pre-existing health issue and vulnerable to COVID-19 are not recommended to participate this tour.
11. Registration for 9am session will max out at 50 people. An afternoon session may be provided if there is enough interest from local producers.
12. This tour will be broadcast live on Facebook.
